SUMMARY

OneAmerica is seeking a relational, visionary and detail-oriented Managing Director to provide critical leadership and capacity for the organization's operations and financial infrastructure, directly supporting power-building efforts led by immigrant communities in Washington state. The Managing Director will lead with passion and motivation for structural change that is centered on power, relationships, movement building, and racial equity, building the internal capacity of OneAmerica to support our base of leaders across the state.

OneAmerica was established in 2001 by U.S. Representative Pramila Jayapal and has since grown to become a locally and nationally recognized leader in advancing immigrant, civil, and human rights. We utilize grassroots organizing, policy advocacy, and civic/electoral engagement to promote justice in three areas: immigration, education and early learning, and democracy. Our family of organizations consists of **OneAmerica** (501(c)3), **OneAmerica Votes** (501(c)4), **OAV Justice for All PAC** (OAVJFAPAC) and **OneAmerica Votes Justice Fund** (OAVPAC).

Please see additional background on the Managing Director role and instructions for applying below.

BACKGROUND

OneAmerica is a vibrant and growing power-building organization that is committed to driving progressive social and political change for immigrants and refugees in Washington state.

Following four years of attacks under the Trump Administration, OneAmerica has worked to combat the emboldened racism and xenophobia facing our communities, while also building the social and political power of immigrant and refugee communities in Washington state. In the past three years, among many wins, we have:

- Trained people to run for office, electing the most diverse state legislature in Washington's history with women of color in the forefront.
- Enacted the Washington Voting Rights Act to eliminate racially polarized voting and increase the representation of people of color in local office.
- Passed the most robust sanctuary city bill in the country, protecting immigrants from deportation, and establishing a state COVID-19 undocumented relief fund.
- Led campaigns to significantly expand bilingual education and improve the educational experiences of immigrants and students of color.

Given Washington state's current political climate and the momentum of years of important victories led by our members and partners, Washington is poised to lead the nation in bold policy and social change that will ensure immigrant communities thrive. At OneAmerica we strive to build a culture of co-governance both inside and outside our organization: centering leaders who are most impacted by systemic oppression to identify and move strategic solutions. We work to hold our elected leaders accountable to this model of governance as well.

OneAmerica has recently welcomed long-time team member, Roxana Norouzi, as the organization's new Executive Director. As part of the planned leadership transition for the organization, the new Managing Director will work hand-in-hand as a key member of the Executive Team, leading daily operations, financial processes and planning, human resources, and foundation-specific development strategies.
